رؤية
2030
المملكة العربية السعودية
KINGDOM OF SAUDI ARABIA

ABOUT US

Major operations in KSA, Bahrain, UAE, Qatar, Oman, Kuwait, USA & Canada with a customer base including contractors, consultants and end users

Global Supplier of a diversified range of products relating to Oil Field, HVAC, Electro-Mechanical, Water, Industrial Insulations

Provider of industrial products with complete engineering services and technical knowledge from specialist quality engineers

OUR JOURNEY

FOUNDED 2000

The foundation of what would mature and become today's JGB Group was laid by a group of qualified and experienced engineers with vision.

CONSOLIDATED 2005

The JGB group ventured into new areas and built on its foundation, in spite of global recession and restraints imposed by a controlled economy

EXPANSION 2008 -Present

The liberalization from recession leads to a period of remarkable growth in the GCC. JGB group ventures into new territories with renewed zeal.

GUIDING PRINCIPLES

VISION

To be an internationally respected company offering comprehensive solutions

MISSION

To serve the Global Energy Industry by procuring and supplying quality products manufactured and offered by leading International manufacturer

VALUES

- o Customer Satisfaction and Loyalty
- o Employee Dignity and Self Respect
- o Technical Excellence with Professional Ethics
- o Organisational and Individual Growth
- o Responsibility to Society

WHY US

STRENGTHS

- o Highly Qualified Engineers and Support staffs
- o Storage facilities in major locations
- o Service support from experience technicians
- o Country wise offices and complete product solutions

EXPERIENCE

- o Highly experienced directors and management
- o Strong engineering background of management & sales team
- o Local presence in all GCC countries
- o Vast sector knowledge & recognition in the market
- o Represent reputed manufacturers

COMMITMENT

- o Focus on engineering products where competition is less compared to generic trading companies
- o Growth in short span has given a recognition in the market
- o Participate in major Exhibitions like Big 5, Arabian MEP, MEOS and WETEX

OPPORTUNITIES

- o Develop long lasting relationship and we work very hard towards it
- o Committed to ensure that our customers can depend on the consistent, high-quality products and services from us

AIR **DISINFECTION**

PRODUCTS TO FIGHT
AGAINST COVID-19

JGB group
offering a
complete air
disinfection
and clean
air solutions
from globally
reputed
manufactures
kills 99.99% of
Cov-2 (cause
of Covid-19),
SARS and
other airborne
pathogens
throughout
your space.

Dynamic Air Quality Solutions

Purafil

Big Ass Fans

Plasma Air

Strobic Air Technologies

COMMERCIAL & INDUSTRIAL VENTILATION

PennBarry is a leading manufacturer of full service ventilation products for commercial and light industrial applications, including energy recovery units, make-up air systems, kitchen hoods and supreme fan supply and exhaust products.

With history of making fans since 1860, Pennbarry is the consolidation of several well-known HVAC brands, including Bayley Fans, Penn Ventilation, Barry Blower, Industrial Air and SupremeFan, and many key products from these brands are still made available under the PennBarry brand.

Product List

- ✓ Inline Cabinet Fans
- ✓ Centrifugal Fans
- ✓ Tubular Centrifugal Fans
- ✓ Mixed Flow Fans
- ✓ Roof Mounted Down Blast Fans
- ✓ Roof Mounted Up Blast Fans
- ✓ Propeller Fans
- ✓ Tubeaxial & Vaneaxial Fans
- ✓ Gravity Ventilators

AXIAL FANS, SMOKE FANS & JET FANS

Elektrovent is an Italian fast growing company emerging in the Italian and International market for efficiency and knowledge of its product. They directly carry out all the phases of the manufacturing cycle: design, manufacturing, assembly and testing of the fan components, having special care of the balancing of our impellers and the manufacturing process of casings, by drilling, cutting, bending, welding by mean of our efficient machineries and well-trained staff. Our technical/ commercial staff is always available to satisfy all customers' demands.

Product List

- ✓ Axial scatter
- ✓ In Line Centrifugal Fans
- ✓ Heat recovery unit
- ✓ Speed Controllers
- ✓ Axial roof fans
- ✓ Centrifugal roof fans
- ✓ Fans in plastic material
- ✓ Ventilatori ATEX
- ✓ Cabinet fans
- ✓ Smoke exhaust fans
- ✓ Centrifugal forward curved blade fans
- ✓ Centrifugal backward curved blade fans
- ✓ Plate mounted axial fans
- ✓ Ring axial fans
- ✓ Ducted axial fans

ISOLATION ROOM EXHAUST SYSTEM

Strobic Air Technologies fan systems were created as a custom engineered solution to meet the exacting specifications of owners trying to solve a specific problem. By doing so, we created an industry that we continue to lead.

HEPA filtration systems are available for special medical / pharmaceutical applications such as isolation room and quarantine exhaust, Level4 safety labs, or similar applications.

Product List

- ✓ Lab Exhaust System
- ✓ Custom Engineered Solutions
- ✓ Fume Exhaust System

THE NEW YORK BLOWER COMPANY

The New York Blower Company (NYB) (USA) Industrial Fans and Blowers designs and builds fans and blowers to move air in all types of commercial and industrial applications. Today, NYB has one of the most complete portfolios in the world, consisting of literally thousands of different types, models and sizes of air-movement equipment.

NYB product lines are conveniently organized in major product groupings to assist you in identifying the best fan for your system.

Product List

- ✓ Inline Fans
- ✓ Centrifugal Fans
- ✓ Fiberglass Reinforced Plastic Fans
- ✓ Plenums and Double Width Fans
- ✓ Process Heat or Plug Fans
- ✓ Packaged Fans
- ✓ Custom Fans
- ✓ Silencers / Flex Connectors

BIG ASS FANS

CLEAN AIRE SYSTEM(INDUSTRIAL & COMMERCIAL CEILING FANS)

The leader in airflow innovation, Big Ass Fans reaches new heights with the industry's most effective air disinfection solution-Clean Air System. With expert fan designs and proprietary technology that only the world leader in airflow can provide, Clean Air System kills 99.99% of SARS-CoV-2 (causes COVID-19) and other airborne pathogens and safely neutralizes allergens, odors, and fumes.

Product List

- ✓ Directional Fans (HVLS)
- ✓ Large Fans
- ✓ Evaporative Coolers

VENTILATION FANS

Zitrón fans are available in a vast range of different sizes, materials and blade types. They are designed and manufactured to the highest quality standards and are tailored to meet the specific requirements of each application.

Know-how gained over 50 years of manufacturing, installing and maintaining fans in diverse operating environments has given us an invaluable understanding of the must have features required in fans and of the type of fans that work best in each environment.

Product List

- ✓ Tunnel Fans
- ✓ Axial Fans
- ✓ Centrifugal Fans
- ✓ Jet Fans

SEAT VENTILATION (FRANCE) with nearly 50 years of experience in the field of laboratory fume extraction systems, SEAT VENTILATION, has become one of the few leading manufacturers of polypropylene fans in the world.

Our products are corrosion-resistant polypropylene fans and blowers, but also airflow monitors and controls for laboratory fume cupboards.

Our areas of application are:

Laboratories, chemical industry, electronics, hospitals etc.

SONNIGER

HEATING PARTNERS

AIR CURTAINS

We supply a wide range of Air Curtains for commercial as well as industrial applications. An air curtain is a fan-powered device that creates an invisible air barrier over the doorway to separate efficiently two different environments, without limiting the access of the people or vehicles. We are working with many specialized manufacturers who are manufacturing the standard sizes as well as custom sizes based on the project requirements.

Our Air Curtain solutions are cost effective and reliable solutions which are tailored to your needs.

KRUEGER

Krueger-HVAC Air Distribution Products provide complete range of VAV / CAV, Diffusers, Registers, Security Grilles, Critical Environmental Products for Operation rooms etc. For those special needs, we also provide products customized to fit all needs. Products are available in Steel, Aluminum, Extruded Aluminum and Stainless Steel.

Product List

- ✓ Variable Air Volume (VAV)
- ✓ Constant Air Volume (CAV) UNITS
- ✓ Air Outlets
- ✓ Security Grilles
- ✓ Critical Environmental Products (Operation Rooms)

ANEMOSTAT (USA) Air Distribution Products provide complete range of VAV / CAV, Diffusers, Registers, Security Grilles, Critical Environmental Products for Operation rooms etc. For those special needs, we also provide products customized to fit all needs. Products are available in Steel, Aluminum, Extruded Aluminum and Stainless Steel.

Product List

- ✓ Variable Air Volume (VAV)
- ✓ Constant Air Volume (CAV)
- UNITS
- ✓ Air Outlets
- ✓ Security Grilles
- ✓ Critical Environmental Products (Operation Rooms)

e.h.price | Gulf

Product List

- ✓ Dampers
- ✓ Volume Control Dampers (VCD) / Backdraft Dampers (BDD)
- ✓ Fire & Smoke Dampers

Product List

- ✓ Duct Heaters
- ✓ Open Coil Heaters
- ✓ Tubular Heaters
- ✓ VAV Heaters

TUTCO
HEATING SOLUTIONS GROUP

TUTCO (USA) a manufacturer, custom designing and creating products that are highly reliable and that help our customers get to market faster. Whether it is solving a problem with an existing product, adding new features, or inventing a new heating component, Tutco's depth of experience and technology is unparalleled. Innovation is not just a word to TUTCO- it's how we do business, one customer at a time.

GAS PHASE FILTRATION

Gas Phase Filtration specializes in custom design solutions for a wide range of vapor phase air purification and contaminant control applications. Proven Technology is developed and applied by Gas Phase Filtration in order to provide efficient, cost effective systems.

Product List

- ✓ Indoor Air Quality
- ✓ Microbial Filtration
- ✓ Toxic Gas Scrubbing

HUMIDIFICATION & EVAPORATIVE COOLING SOLUTIONS

DriSteem (USA) is a premier provider of humidification, evaporative cooling, and water treatment solutions for commercial and industrial applications. DriSteem offers custom systems for critical indoor environments such as health care, data centers, and other facilities requiring precise control of moisture and cooling in the air.

DriSteem's 50-year history of development and innovation has resulted in multiple patented designs that not only meet, but anticipate, customers' unique needs

Product List

- ✓ Electric Resistive-Element Steam Humidifiers
- ✓ Self-Contained-Electro type Steam Humidifiers
- ✓ Non- Pressurized and Pressurized Steam Dispersion
- ✓ Steam Injection type Humidifiers for AHU's

BI POLAR AIR IONIZATION

Plasma Air products are mounted in the central air conditioning system of any building. As air passes over the products, millions of positively and negatively charged ions are formed – just like in nature. These bipolar ions disperse into the occupied space through the duct system, proactively attacking airborne contaminants where they cause the most problems for occupants.

Product List

- ✓ 7000 Series
- ✓ Plasma BAR Series
- ✓ Plasma BAR-X Series
- ✓ 600 Series

- ✓ 660 Series
- ✓ 50 Series
- ✓ 100 Series
- ✓ 200 Series
- ✓ PlasmaPURE 600 Series
- ✓ PlasmaPURE 7000 Series

- ✓ PlasmaPURE AutoClean 1500
- ✓ Novaerus Defend 1050
- ✓ Novaerus Protect 200 & 900
- ✓ Monitoring
- ✓ Airflow Switches

ADVANCED AIR CLEANING SYSTEM & ENERGY SOLUTION

Advanced engineered solutions for energy and air quality in commercial, institutional, medical, pharmaceutical and other critical applications.

At the intersection of IAQ, energy and maintenance, Dynamic Air Quality Solutions provides sustainable solutions for new construction and existing buildings that save energy and reduce operating costs while providing maximum indoor air quality for people, productivity and processes.

Product List

- ✓ Dynamic V8 Air Cleaning Systems
- ✓ Dynamic V8 Side Loaded Systems
- ✓ Dynamic RS2/RS3 Air Cleaning System – Sterile Sweep
- ✓ Germicidal Ultra-Violet C Systems
- ✓ Ecology Unit (Air Pollution Control Unit)

Think of all the places where germs abound. Daycare centers, schools, doctors' offices, public transportation, and work places are among some of the most common. The air we breathe, and share, with other people can contain millions of microorganisms. Harmful bacteria are one-celled organisms so small that if you lined up a thousand of them end to end, they would fit across the end of a pencil eraser.

Product List

- ✓ PuraShield™ 500 Cabinet
- ✓ PuraShield™ 1000 Cabinet
- ✓ PuraShield™ Pro Cabinet
- ✓ PuraShield™ Mini
- ✓ PuraShield™ Smart
- ✓ KN95 Healthcare Particulate Respirator

INERTIAL FILTERS & BLEED FANS

Air filtration and dust collection field for civil and industrial applications. Production has qualified personnel and modern numeric control machinery for steel carpentry and it is equipped with a filter test rig as well as instruments for test "in situ".

These types of inertial filters and bleed fans are mainly used in desert areas on gas turbines, centrifugal compressors, big engines, air conditioning and ventilation systems etc.

Product List

- ✓ Inertial Separators (Filters) & Bleed fans
- ✓ Cyclone Filters
- ✓ Bag and Rigid Pocket Filters
- ✓ Nuclear Decommissioning Filters
- ✓ Rotary Screen Viscous Filters
- ✓ Electrostatic Filters

Since 1985 Triatek (USA) has been on the forefront of designing and manufacturing innovative airflow solutions for critical environments. Headquartered near Atlanta, Georgia, Triatek provides end-to-end solutions for healthcare facilities, laboratories, and municipal facilities around the world.

Our product line includes Venturi air valves, room pressure controllers, fume hood controllers, remote monitors, sensors, actuators, and more all designed to seamlessly integrate into a facility's building automation system.

Product List

- ✓ Venturi Valve
- ✓ Fume Hood Controllers
- ✓ Room Pressure Controller

Fire Curtains are life safety systems that are designed to arrest the spread of fire in a building. The assembly comprises a fire resistant fiberglass fabric wound over a roller and all encased in a compact head box that is typically installed above the ceiling to be virtually invisible until activated.

Smoke Curtains are used to control the movement of smoke through a building in the event of a fire. They can either channel smoke to smoke extraction points or create reservoirs to slow its spread. They remain virtually invisible when the curtain is stored in its retracted position within the compact headbox.

Product List

- ✓ Fire Curtains
- ✓ Smoke Curtains
- ✓ Draft Curtains
- ✓ Fire & Fixed Curtains

MERCOR S.A. seated in Gdansk has operated on the market since 1988.

In providing comprehensive services, we strictly co-operate with building designers and constructors. We offer help in selecting and designing fire protection systems; we design equipment forming part of those systems, delivering them and installing on site. We also provide full-ranged service, constituting the guarantee of long-term reliability of our systems.

The majority of our assortment is custom-manufactured on individual orders; our customers can specify the demanded product parameters, subject to regulatory safety standards and requirements.

Product List

- ✓ Commercial Industrial Skylights
- ✓ Residential Skylights
- ✓ Custom Structural Skylights
- ✓ Heat and Smoke Vents
- ✓ Canopy Structures
- ✓ SkyGlaze Translucent Systems
- ✓ Roof Hatches and Accessories
- ✓ Safety Security Products
- ✓ BIPV Systems Photovoltaics
- ✓ Tubular Skylights

INDUSTRIAL & COMMERCIAL BOILERS

As specialists in the design and bespoke production of HVAC products, VERSOL GROUP can handle any challenge. VERSOL has the expertise to deliver a total solution for any bespoke HVAC application. VERSOL has successfully delivered innovative and bespoke engineering solutions to many companies worldwide, building a reputation along the way for reliability, integrity and on-time completion.

Product List

- ✓ Steam Boilers
- ✓ Calorifiers
- ✓ Heat Exchangers
- ✓ Boilers
- ✓ Heat Pumps
- ✓ Water Heaters

FULTON (USA) is a global manufacturer specialized in custom engineered industrial and commercial heating systems featuring steam boilers, hot water and hydronic boilers, thermal fluid (hot oil) heaters, temperature control units and a full range of ancillary equipment.

Product List

- ✓ Steam Boilers
- ✓ Commercial Heating Products
- ✓ Thermal Fluid Products
- ✓ Ancillary Equipments
- ✓ Engineered System

Product List

- ✓ Wall Mount Air Conditioners
- ✓ Window Units (Through-the-Wall Air Conditioners)
- ✓ Building Pressurization Units
- ✓ Hazardous Duty and Explosion Proof Exhaust Fans
- ✓ Purge Blowers
- ✓ Packaged Air Conditioners-for Pad or Roof Mounting
- ✓ Explosion Proof Heaters
- ✓ Refrigeration Units
- ✓ Dehumidifiers
- ✓ Split Systems
- ✓ Explosion Proof Fans

custom controls company

Custom Controls Company (USA) has been providing Hazardous Location and Explosion Proof HVAC equipment for industry since the 1960's having production facility in Houston, TX.

CCC offers a full complement of customized and Third Party Listed HVAC solutions for both the U.S. National Electric Code (NEC) market and International (IEC standards) market. Our NEC Division One, Division Two and IEC Zone 2 HVAC (ATEX) product lines include:

KATO ENGINEERING™

Kato Engineering Inc., a company of Nidec Corporation, offers a complete line of precision-engineered, top quality AC generators, motor-generator sets and controls for prime, standby, and peak shaving power generation known under the brand KATO™.

They have a 83-year tradition of design and manufacturing excellence and innovations and their name is synonymous with dependable power generation worldwide.

Product List

- ✓ Low Voltage
- ✓ Medium Voltage
- ✓ High Voltage
- ✓ Turbine Generators
- ✓ Motor-Generator Sets
- ✓ Traction Alternators
- ✓ High Frequency
- ✓ High Efficiency
- ✓ Connected Solutions

U.S. BELLOWS, INC.® EXPANSION JOINTS

U.S. Bellows, Inc. has been designing and manufacturing engineered pipe and duct expansion joints for the industry since the 1960s and has been a proud member of the Expansion Joint Manufacturers Association (EJMA) since 2002.

Engineering and designing is done per EJMA equations as well as per the latest revisions of the ASME B31.3, ASME B31.1, and ASME Section 8, Division 1. U.S. Bellows designs are performed using in-house developed design software and calculations further checked using hand calculations. U.S. Bellows also has full in-house finite element analysis capabilities and we often use this methodology to prove designs.

Product List

- ✓ Metallic Pipe Expansion Joints
- ✓ Fabric Pipe Expansion Joints
- ✓ Stock Bellows

Easyflex™

HVAC ACCESSORIES

We are proud to be associated with a wide range of HVAC Accessories manufacturers in order to provide a complete solution to our customers.

We provide all the complementary HVAC accessories to our products like Vibration isolators, Pipe Supports, Flexible Ducts, Inertia Bases, etc for commercial as well as industrial applications based on our customer's project requirements.

Product List

- ✓ Vibration Isolation Products
- ✓ Expansion Joints & Bellows
- ✓ Pipe Support & Clamps
- ✓ Seismic Isolation Products
- ✓ Flexible Ducts
- ✓ Flexible Duct Connectors
- ✓ Sprinkler Flexible Hose
- ✓ Inertia Bases
- ✓ Pressure & Temperature Gauges

Danfoss engineers technologies that empower the world of tomorrow to build a better future. Driven by the power of an electrified society, and fueled by the opportunities of going digital, Danfoss is dedicated to engineering solutions that can unleash the potential of tomorrow.

With the remarkable fit and functionality of VLT® drives, they can be put to profitable use with applications in, for example, the Food and Beverage, Water and Wastewater, HVAC, Refrigeration, Material Handling or Textile industries.

Product List

- ✓ Variable Frequency Drive (VFD)
- ✓ Soft Starters
- ✓ Harmonic Filters
- ✓ Decentral Drives, Motion Drives & Gears Motors

Western Valve

Western Valve, Inc.(USA) takes great pride in its ability to produce the industries highest quality valve. We continue to upgrade and improve our facilities with state of the art manufacturing equipment. This allows us to continue providing our customers with the best valves on the market, while still providing competitive prices and delivery times.

Product List

- ✓ Double Block & Bleed
- ✓ Double Isolation & Bleed Valve
- ✓ Pipeline Manifolds & Terminals
- ✓ Commercial Aviation & Military Fueling
- ✓ Propane, Butane, and LPG Valves

MANUFACTURING CO., INC.

Lawler Manufacturing Company, Inc., (USA) established in 1988, manufactures one of the deepest and most time-tested thermostatic mixing valve lines in North America. The company's sole focus is the safe and comfortable blending of hot and cold water to meet the needs of the industrial plumbing industry and its customers.

Valves are available in a variety of finishes, piping configurations and cabinet designs to meet your requirements.

Product List

- ✓ Thermostatic Mixing Valves
- ✓ Emergency Valves
- ✓ Shower Valves

ATAM Valves, established in 1982 is one the leading valve manufacturers from India with their factory in Punjab, India. For over 3 decades, they have been manufacturing Flow Indicators, Auto Injectors, Industrial Valve, Globe Valve, Relief Valve, Horizontal Check Valve and allied products. Backed by experienced personnel, they are able to innovatively design their product cost efficiently.

Flow indicators are used extensively for monitoring the flow of fluids and to detect any anomalies in the industrial process line. Industrial Valve, Globe Valve, Relief Valve, Horizontal Check Valve and other valves have precision design which ensures smooth flow, and complete or partial stoppage of the flow of liquid, as per the client's requirements.

Product List

- ✓ Industrial Valve
- ✓ Globe Valve
- ✓ Horizontal Check Valve
- ✓ Union Bonnet Globe Valve
- ✓ Relief Valve
- ✓ Flow Indicators
- ✓ Lift Check Valve
- ✓ Pipe Valves
- ✓ Strainers & Cocks

PLYMOVENT®

clean air at work

PLYMOVENT (USA & NETHERLANDS) is major global player that supplies products, systems and services for air extraction and filtration. Plymovent provides solutions for indoor air pollution caused, for instance, by welding fumes, vehicle emissions and tobacco smoke ensuring clean air in your workplace. Clean air is something that we most of us take for granted.

However, everywhere where people work, visible and invisible air pollutants, such as welding fumes, oil mist, tobacco smoke, vehicle emissions, dust and viruses are a hazard to people's health. Plymovent is committed to ensuring a clean and healthy working environment for its customers

Product List

- ✓ Emergency Vehicle Exhaust System
- ✓ Fire Stations
- ✓ Welding Fumes

FOAMGLAS®

FOAMGLAS® Insulation is the leading global brand in innovative and technically advanced cellular glass insulation. Their sustainable products conserve energy, protect the environment, and have improved the lives of millions of people in virtually every country in the world. FOAMGLAS® is a light weight, rigid and durable insulation material composed of millions of completely sealed glass cells and offers an exceptional combination of properties such as incombustibility, superior compressive strength and long lasting thermal insulation performance. It is available in a wide range of shapes and sizes to satisfy various building requirements and industrial specifications.

Their insulation products and systems provide superior protection and energy conservation in a wide range of industrial and commercial applications including HVAC systems, power, process piping and equipment, and oil and gas storage tanks.

Product List

- ✓ Double Block & Bleed
- ✓ Double Isolation & Bleed Valve
- ✓ Pipeline Manifolds & Terminals
- ✓ Commercial Aviation & Military Fueling
- ✓ Propane, Butane, and LPG Valves

Johns Manville is a leading manufacturer and marketer of premium-quality insulation and commercial roofing, along with glass fibers and nonwovens for commercial, industrial and residential applications. Their products are used in a wide variety of industries including building products, aerospace, automotive and transportation, filtration, commercial interiors, waterproofing and wind energy. They are a proud member of the Berkshire Hathaway family of companies and serve customers in more than 80 countries around the globe.

Johns Manville is the leading manufacturer of thermal insulation solutions for high-temperature industrial applications. They offer the broadest range of insulation solutions engineered for the most demanding industrial applications. Each of their products provides unique features and benefits to ensure you have consistent performance that meets your specifications and design criteria.

Product List

- ✓ Perlite
- ✓ Calcium Silicate
- ✓ Aerogel
- ✓ Hydrophobic Blanket
- ✓ Industrial Mineral Wool
- ✓ Accessories

Armacell was established in Pittsburgh, USA in 1860 as a company manufacturing corks and cork insulation for bottles and today it produces insulation materials for technical equipment, high-performance foams for high-tech and lightweight applications and next generation aerogel blanket technology employing over 3000 people worldwide.

Their product focus is on insulation solutions enhancing the energy efficiency of technical equipment, high-performance foams for sophisticated and lightweight applications, 100 percent recycled PET products and next-generation Aerogel based insulation technology.

Product List

- ✓ Closed Cell Foam Insulation
- ✓ Acoustic Insulation
- ✓ PET Foam Insulation
- ✓ Aerogel
- ✓ Accessories

METAL JACKETING AND ACCESSORIES

We supply a wide range of Metal Jacketing Accessories for different types of HVAC applications for commercial as well as industrial projects. We are working with many specialized manufacturers who manufacture Aluminum and Stainless Steel Jacketing, Aluminum and Stainless Steel Bandings and Wing Seals and other fastening products.

Product List

- ✓ Aluminium Jacketing
- ✓ Stainless Steel Jacketing
- ✓ Painted Jacketing
- ✓ Aluminium Banding and Wing Seal
- ✓ Stainless Steel Banding and Wing Seal
- ✓ Fastening Products

KITCHEN EXHAUST SOLUTIONS FOR INDOOR AIR QUALITY

Through TRION's core technology of electrostatic precipitators, along with engineered impingement surfaces and specifically selected adsorbents designed for the removal of kitchen odors, TRION can help address any kitchen exhaust need.

Product List

- ✓ Grease Viper
- ✓ Air Boss® Model 75
- ✓ Air Boss® ATS
- ✓ Air Boss Kitchen Exhaust System (KES)
- ✓ Tridex APS Liquid Detergent
